ESHWANTH B

Software Developer

Chennai, Tamil Nadu, India | +91 9345375156 | eshwanthb08@gmail.com | linkedin.com/in/eshwanth-b-31106626b

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on experience in full-stack web development, including Java, JavaScript, and Node.js. Skilled in designing and building responsive, user-focused web applications from concept through deployment, with additional exposure to UI/UX wireframing and product communication. Certified Full Stack Java Developer with strong problem-solving abilities, eager to contribute technical skills to a software development team.

TECHNICAL SKILLS

Programming Languages: Java, C, C++, JavaScript, SQL

Web Technologies: HTML, CSS, Node.js, Responsive Web Design

Databases & Backend: Supabase

Tools & Platforms: Git, GitHub, Visual Studio Code, Figma, Antigravity, Freebuff

Other Skills: Manual & Functional Testing, Wireframing, UI/UX Design, SDLC, AI-Assisted Software Development

PROFESSIONAL EXPERIENCE

Brand Growth Consultant Intern | Sirah Digital | Chennai, India *Jan 2026 – Mar 2026*

- Created product demonstration videos and marketing content that supported user adoption and engagement strategies.
- Partnered with the product team to translate technical product features into clear, user-friendly messaging for target audiences.
- Applied analytical and communication skills to identify opportunities for improving customer engagement and brand visibility.

PROJECTS

AI-Driven Design Project Pipeline | Personal Project — Research & Architecture

GitHub: https://github.com/Eshwanth08/DesGenZ

- Architecting an end-to-end AI-powered pipeline that automates the design project lifecycle, from client requirement intake to final delivery, using LLM-based requirement extraction and MCP integration with Figma for automated draft generation.
- Defined a phased MVP build plan using MoSCoW prioritization, scoping core modules such as project intelligence scoring, task generation, scheduling, and a client approval workflow.

College Cultural Fest Website | Collaborative Project with College Peers

GitHub: https://github.com/Eshwanth08/College-culturals-website

- Collaborated with fellow students to design and develop a responsive website for a college cultural event using HTML, CSS, and JavaScript.
- Designed the UI/UX in Figma prior to development, ensuring a cohesive and intuitive experience across devices.

EDUCATION

Bachelor of Engineering, Computer Science Engineering

Peri Institute of Technology | 2022 – 2026

CERTIFICATIONS

- Full Stack Java Developer Certification — Pumo Technovation, June 2023
- Cyber Security Internship (E-Certificate) — INTERNZ LEARN, September 2024

ADDITIONAL INFORMATION

Languages: English, Tamil

Achievements: District-Level Hurdles Competitor
